“The time to reef is when you first think about it.”

SNJC ORGANIZATIONAL CHALLENGES – Challenges the Club Faces in order to Growth and Sustain into the Future:

- 100% Volunteer Run Club; Are enough members volunteering?
- Is the current leadership sustainable? When should club officer positions be created? Voted in? Terms?
- The club operates on a zero (\$0) budget – Is financial autonomy necessary?
- All club operations, communications, website, (e)mailings, planning is accomplished with personal resources.
- No club meeting space.
- When should By-Laws be written – or should they?
